

Maths

The children are going to continue learning about fractions. They will start to explore more complex fractions (3/4 for example), and then we will finish the week by assessing this unit.

[Vocabulary to practise: part, whole, half, quarters, thirds, equal.](#)

Writing

We are going to continue writing about creatures hatching from eggs. Their key text for the next couple of weeks is *Croc and Bird* by Alexis Deacon. The children are going to write a letter and a set of instructions this week.

[Key Vocabulary: subordination, co-ordination, adverbs, adjectives.](#)

[Words of the week: whole, half, who, even](#)

Geography

We are going to recap our learning from Spring by reviewing and answering our questions about India. We will go back to the beginning of the topic and see whether the children are able to answer all of their questions from the first week.

Science

The children's new topic is Materials and their Properties. The children will start to explore property names and sort some materials based on their properties.

DT

The children are going to design and make their own puppet this half term. We will continue from last week by looking at joining techniques and finding a preference.

PSHE – Relationships

Computing – Making Digital Music

PE – Team Building (inside) and Sports Day Practice (outside)

Additional Maths – Learning the Time

The Year 2 Team.
