Dear Colleagues,

There has been a change to the advice for travellers returning from Italy. The whole of Italy outside of the specified lockdown towns in the North of Italy is now in category 2 and the advice is :

*Stay indoors and avoid contact with other people if you've travelled to the UK from the following places (see list on information for the public link above) in the last 14 days and have a cough, high temperature or shortness of breath, even if your symptoms are mild.*

The advice for the category 1 lockdown towns remains the same.
