

Dear Parents and Carers,

You will be aware that schools have been directed to close from Friday 20th March except for

- Children of key workers NHS staff, Supermarket Delivery drivers, Police
- Children with EHCP's
- Children who have an allocated social worker

Headteachers received the news at the same time as you did so I am now working with the whole staff team to

- Identify all the children who will be entitled to come into school
- Plan how our provision can be managed effectively for these children
- Ensure home learning packs and online learning resources are ready for you

We are very aware of the enormous pressure on you and families and know that you will have many concerns, particularly as there is not a clear end to this closure.

I will write to you later today with more details including how we enable you to contact us and details in relation to home learning.

With best wishes,

Carol Rusby
